ABOUT ME

BICT (Hons) undergraduate at the University of Vavuniya with a strong interest in software engineering, web development, UI/UX design, problem solving, and modern technology. Experienced in developing academic and personal projects using programming languages and web technologies, with practical exposure to Git and GitHub. Active in university technology communities through Mozilla Campus Club activities. Passionate about building useful, user-focused digital solutions and continuously improving technical skills.

EDUCATION

University of Vavuniya

BICT (Hons) in Information Communication Technology

Nov 2024 – Present

PL/Al-Hilal National College

G.C.E. Advanced Level – Bio Technology

2020 – 2023

TECHNICAL SKILLS

- Programming Languages: Python, Java, C, C++, C#
- Web Development: HTML, CSS, JavaScript, Bootstrap
- UI/UX Design: Figma, Canva
- Version Control: Git, GitHub
- Development: Object-Oriented Programming, Data Structures, Problem Solving, Software Development
- Other Interests: Full-Stack Development, DevOps, Docker, Networking, Generative AI

PROJECTS

Simple Quiz App

- Developed a beginner-friendly Python application using functions, loops, dictionaries, input validation, scoring, and randomized questions.

Library Management System

- Developed a Java-based academic project for managing library information and practicing object-oriented programming concepts.

Adventure Gallery Website

- Designed and developed a responsive web-based gallery website for presenting adventure-related images through a user-friendly interface.

Financial Mobile App UI | Figma

- Designed a modern and user-friendly financial mobile application interface using Figma.

CERTIFICATES & TRAINING

- Microsoft Learn Student Ambassadors Workshop — Introduction to GitHub & GitHub Actions
- Programming in Python — Python for Beginners, UOM CODL
- Web Design for Beginners
- HP LIFE — Data Science & Analytics
- 30 Days Masterclass in Data Analytics — NoviTech R&D
- eLibraryUSA Online Training — University of Vavuniya
- Certificate in Computer System and Hardware – With Distinction — Orion International Campus, 2023

LEADERSHIP & VOLUNTEERING

- Mozilla Campus Club, University of Vavuniya — Secretary / EXCOM activities
- IEEE Student Branch, University of Vavuniya — Student activities and events
- Contributed to university technology events, workshops, career-development activities, and community initiatives.

LANGUAGES

- Tamil
- English
- Sinhala

CAREER OBJECTIVE

To begin a professional career as a Software Engineer where I can apply my knowledge of programming, web development, software engineering, UI/UX, and problem solving while contributing to real-world projects and continuously developing my technical and professional skills.
